Callie: the attached Word document updates Valois' talking points by including additional background on the proposed Dewey Burdock ISR uranium project for the TPMs placing calls. For TAP's reference, I have also attached Figures 1 through 5 which were enclosed with the formal consultation letters to Region 8 tribes. Finally, based on Valois' recent tribal communications, she took the liberty of annotating some of the information in the attached R8 Tribal Contact List.

Thanks very much for the assistance of your staff,
